### **RFP Submitted For Rotary Club Of Tucson's Classic Car Show Grant Recipient**

Brittany nominated Edge to her Rotary Club's Grant's Committee to submit an RFP for consideration to be a grant recipient of the club's annual Tucson Classic Show. Grant recipients receive between \$45,000-\$75,000. While Edge is too small to warrant significant consideration for their main recipient, submitting the RFP is an opportunity to educate Rotary about the mission, vision, and challenges of Edge High School. More importantly, it's a chance to demonstrate how Edge is working to solve a community problem.

The RFP requested support for expanding our vocational experiences and establishing partnerships to create mentoring opportunities for students.
