

# Administrator's Report for Edge Northwest

## August 2023

### **Enrollment 2023-24 School year**

62 current enrollments

59 active enrollments

Recently met with 5 students

### **Staff Updates**

We are happy to welcome Zia Pierson to Northwest.

Zia has hit the ground running replacing Greg Cooper as our Social Studies teacher.

She is getting to know the students and learning the ins and outs of campus.

Greg is learning his new position as Grad Support Specialist and setting up ways to improve overall attendance and academic progress at NW.

### **Start of the year**

The year is off to a good start. Overall, students have returned with positive attitudes and interest in working on academics.

NW staff spent the first two days getting to know new and returning students with an orientation to build community, reestablish the NW Edge culture and build trust.

We are beginning to use the Minga app for tracking make up time, and as a reward system for students at NW.

### **Upcoming Calendar Items:**

September 4 Labor Day

September 13th and 14th Support Person Conferences
